CHARACTERISTICS

- 01.** 3 depths - 600, 462 and 366 mm
- 02.** 2 widths - 500 and 1000 mm
- 03.** Supporting frame in melamine-finished panels, 22 mm thick
- 04.** Back and side panels: melamine-finished, veneered or lacquered - 18 mm thick
- 05.** 3 types of doors: solid, framed glass and flush glass
- 06.** Aluminium top and bottom finishing profile
- 07.** Cable management in the base section
- 08.** Melamine-finished or metal internal shelves
- 09.** Hanger bars
- 10.** Drawers with pull-out file-holders
- 11.** Full-height doors and open shelves
- 12.** Rack profile or 32-mm-pitch holes to allow adjustable shelf positioning
- 13.** Storage units that can be integrated into partition walls

QUADRA®

Technical specifications

Technical specifications

QUADRA® is a movable interior storage wall, supplied in **three different depths**, 366 mm, 462 mm and 600 mm, available with **three types of doors**: solid, framed glass and flush glass.

VERSIONS

QUADRA® S

Storage wall with flush glass doors

QUADRA® V

Storage wall with framed glass doors

QUADRA® SOLID

Storage wall with solid doors

GENERAL DESCRIPTION

The wall features a **load-bearing structure** of 22-mm-thick particle board panels, finished on both sides with melamine paper and double PVC bubble seals. Back panels are 18 mm thick.

Quadra **back panels** are fixed to the structural panels with metal interlocking joints and can be doubled, with an additional layer of insulating material, where greater acoustic insulation is required.

Doors and back panels are 18 mm thick and can be either solid, in melamine-faced wood, or glazed, with transparent or frosted glass framed by extruded 6060 UNI 9006/1 aluminium profiles, supplied as standard in a silver anodised finish. The standard versions can have profiles holding one or two central glass or flush glass modules. The hinges are nickel-plated zinc die-cast with 110° or 180° opening. Standard supplies include handles without lock, handles with rotating rod lock, handles with integrated lock and knobs with rotating rod lock.

Finishing panels, lateral, final and intermediate, are finished on all sides with RAL 9006 grey PVC double seals that ensure perfect closure of the doors, prevent dust infiltration and increase the acoustic performance.

Side-finishing panels are available in two versions: entirely in melamine-finished and edged wood or with vertical silver anodised aluminium corner profile.

The **lower structural base** features a technical compartment that can contain cables and can be inspected thanks to an aluminium finishing pro-

Technical specifications

file, fixed to the structural sides with metal snap-on joints.

The interior can be fitted with **melamine-finished** or **metal tops** that can be adjusted in height by positioning the shelf supports in the 32-mm-pitch slots or by fixing a rack frame. Storage units can also be fitted with file-holder frames, coat hanger bars and other accessories, as requested by the client.

The Quadra® system offers various possible configuration options: room-height storage, double leaf doors, doors and drawers, open shelves.

QUADRA acoustic tests

01. Full-height wooden storage module without internal paper filling - Acoustic test -
Certificate no. 285086 IT/EN - UNI EN ISO 140-3:2006 and UNI EN ISO 717-1:2007

02. Full-height wooden storage module with internal paper filling - Acoustic test -
Certificate no. 285087 IT/EN - UNI EN ISO 140-3: 2006 and UNI EN ISO 717-1:2007

03. Full-height wooden storage module without internal paper filling, coupled with Metrica wall insulated with rock wool d=35 Kg/sqm Th.=60 mm - Acoustic test -
Certificate no. 285095 IT/EN -UNI EN ISO 140-3: 2006 and UNI EN ISO 717-1:2007

04. Full-height wooden storage module without internal paper filling, coupled with Metrica wall insulated with rock wool d=35 Kg/sqm Th.=60 mm - Acoustic test -
Certificate no. 285096 IT/EN - UNI EN ISO 140-3: 2006 and UNI EN ISO 717-1:2007

05. Wooden storage unit with doors and drawers, without internal paper filling - Acoustic test -
Certificate no. 285088 IT/EN - UNI EN ISO 140-3:2006 and UNI EN ISO 717-1:2007

06. Wooden storage unit with doors and drawers, with internal paper filling - Acoustic test -
Certificate no. 285089 IT/EN - UNI EN ISO 140-3: 2006 and UNI EN ISO 717-1:2007

07. Wooden storage unit with doors and drawers, without internal paper filling, coupled with Metrica wall insulated with rock wool d=35 Kg/sqm Th.=60 mm - Acoustic test -
Certificate no. 285097 IT/EN - UNI EN ISO 140-3: 2006 and UNI EN ISO 717-1:2007

08. Cubica full-height storage with wooden doors - 180° hinge - wooden shelves - Safety test -
Certificate no. 248418 IT/EN - UNI EN 14073-3:2005 and UNI EN 14074:2005

09. Cubica S full-height storage with glass doors - 110° hinge - metal shelves - Safety test -
Certificate no. 250055 IT/EN - UNI EN 14073-3: 2005 and UNI EN ISO 14074:2005

10. Set of drawers -
Certificate no. 248417 IT/EN - UNI EN 14073-3:2005 and UNI EN 14074:2005

11. Folder rack -
